

PATRICK "PJ" LOSEY

Professional References & Verified Performance Evaluations

Grayslake, Illinois • (309) 335-8324 • pjlosey@outlook.com • linkedin.com/in/pjlosey • losey.co

EXECUTIVE SUMMARY & COMMON EVALUATION THEMES

This dossier compiles 13 verified professional reference checks provided by CEOs, team owners, engineering managers, car chiefs, spotters, field colleagues, and technology peers. Four core themes define Patrick's work:

- **Relentless Follow-Through:** 100% unanimous confirmation across all 13 evaluators that Patrick carries assignments through to thorough completion, routinely staying late to ensure complex systems are completely resolved.
- **Multi-Disciplinary Technical Acumen:** Repeatedly praised for rapid problem solving across vehicle data telemetry, wiring harnesses, electronics, software development, IT networks, and prototype fabrication.
- **Composure & Unquestioned Integrity:** Zero record or propensity for workplace friction or dishonesty. Universally described as honest, calm under intense pressure, patient, and highly mannered.
- **Exceptional Team Player & Colleague:** Unanimous praise from executives, direct peers, and staff for bringing a positive attitude, genuine generosity, strong communication, and a team-first work ethic.

PART II: COMPREHENSIVE REFERENCE PROFILES & TESTIMONIALS

Detailed evaluations detailing working relationships, operational scope, verified strengths, and direct performance testimonials from each reference.

■ EXECUTIVE LEADERSHIP & RACE TEAM OWNERS

Bob Davidson | CEO, The Davidson Group

Phone: (775) 313-8391 • Email: Bdavidson@davdgrp.com

Patrick's Role / Title: Senior technician

Working Relationship: He was on our race teams (I was a superior of our race team where he worked)

Scope & Nature of Work: Electronic/data technician

Core Strengths: Gets things done

Follow-Through & Execution: Yes

Team Dynamics & Collaboration: Very good

Character Assessment: Excellent

"PJ worked for me for 7 years on our race teams building and maintaining one-off prototypes. He was our lead on all electrical and computer matters and gets things done."

Stephen Cameron | Team Owner, Stephen Cameron Racing

Phone: (707) 953-7580 • Email: Steve@cameronracingusa.com

Patrick's Role / Title: Data technician

Working Relationship: He provided technical support and data as required

Scope & Nature of Work: Data and technical engineering support

Core Strengths: Problem solving

Follow-Through & Execution: Yes

Team Dynamics & Collaboration: Good team player

Character Assessment: Self motivated

"Self-motivated data technician with strong problem-solving skills; carried every task through to completion and worked as a great team player."

Ron Carroll | Team Operations, Davidson Racing

Phone: (530) 210-3848 • Email: recmotorsports@gmail.com

Patrick's Role / Title: Data engineer

Working Relationship: He did all of my data, built all of the wiring harnesses and also would step in with mechanical work when needed. (I was the team manager.)

Scope & Nature of Work: To make our race cars faster.

Core Strengths: Intelligence.

Follow-Through & Execution: Absolutely.

Team Dynamics & Collaboration: He got along fine with all of his associates.

Character Assessment: Strong work ethic, worked well with others

Evaluator Insight: I would not say that he had any real weaknesses that affected his work.

"PJ did all of my data, built all of the wiring harnesses, and would step in with mechanical work whenever needed. Intelligent with a strong work ethic—his work made our race cars faster."

■ MOTORSPORTS RACING ENGINEERING & STRATEGY

Micah Nolen | Car Chief, Davidson Racing

Phone: (916) 955-0868 • Email: Mnolen89@hotmail.com

Patrick's Role / Title: Data Engineer**Working Relationship:** In depth performance analysis and engineer design and adjustment of race cars. Race preparation**Scope & Nature of Work:** Professional**Core Strengths:** Good character**Follow-Through & Execution:** With full attention, yes**Team Dynamics & Collaboration:** Excellent**Character Assessment:** Strong work ethic and exceptional character**Evaluator Insight:** Sometimes quiet*"Strong work ethic and exceptional character. Approaches performance analysis and race engineering with full attention."***Samuel Steadman** | Team Spotter, Davidson Racing

Phone: (937) 751-0455 • Email: Steadman_sam@yahoo.com

Patrick's Role / Title: Team Engineer for Davidson Racing.**Working Relationship:** Spotter for Davidson Racing's 2 prototype race cars. Mr. Losey was the team Engineer and provided all the computer analysis of the performance of the race cars. I would add observed information to Mr. Losey so he could make informed decisions on car setup. (Team Spotter)**Scope & Nature of Work:** Computer analysis of race car performance.**Core Strengths:** Mr. Losey's greatest strength was his ability to understand the computer data and transfer that data to enhance the performance of the race cars.**Follow-Through & Execution:** No matter how long it took, Mr. Losey always completed tasks and assignments that were given to him.**Team Dynamics & Collaboration:** Mr. Losey worked well as a team member, listened to thoughts and ideas of others and regardless of how long the day his calm demeanor never changed.**Character Assessment:** Mr. Losey's character is impeccable. He always performed in a highly professional manner and left no stones unturned. He always worked well with other team members in a professional manner.**Evaluator Insight:** I am not aware of any.*"Mr. Losey's character is impeccable. He always performed in a highly professional manner and left no stone unturned. His greatest strength was his ability to understand computer data and transfer that data to enhance the performance of the race cars. Regardless of how long the day was, his calm demeanor never changed."*

■ **MOTORSPORTS OPERATIONS & TRACKSIDE ENGINEERING****Douglas Whitley** | **Team Operations, Davidson Racing**

Phone: (650) 283-7348 • Email: Whitleyfarm@gmail.com

Patrick's Role / Title: Crew chief**Working Relationship:** Did everything that had to do with the two cars.**Scope & Nature of Work:** Straight forward**Core Strengths:** Electronics**Follow-Through & Execution:** Yes**Team Dynamics & Collaboration:** Great**Evaluator Insight:** Wasn't from California. Just joking*"Straightforward, handles everything on the cars with deep expertise in electronics and gets things done."***Ron Baker** | **Race Mechanic / IT, Davidson Racing Team**

Phone: (801) 550-4567 • Email: Ronaldwbaker25@gmail.com

Patrick's Role / Title: In charge of i t for the team**Working Relationship:** Working together on team race cars (Mostly side by side on cars and shop)**Scope & Nature of Work:** Manage day to day and work on the race car network and car engine management**Core Strengths:** The ability the solve problems quickly**Follow-Through & Execution:** Yes**Team Dynamics & Collaboration:** Great**Character Assessment:** Great*"Great character with the ability to solve problems quickly, managing day-to-day operations and race car network and engine management."***Robert (Bob) Wash** | **Mechanic, Stephen Cameron Racing**

Phone: (415) 246-7107 • Email: Robertlwash@gmail.com

Patrick's Role / Title: Data Engineer**Working Relationship:** Same mechanical team (Technical team.)**Scope & Nature of Work:** Data engineer**Core Strengths:** People skills**Follow-Through & Execution:** Yes**Team Dynamics & Collaboration:** Very well**Character Assessment:** Very team friendly.*"Very team friendly with excellent people skills; completed every data engineering task reliably."*

■ ENTERPRISE SYSTEMS, SERVICE & FIELD ENGINEERING

Nathaniel Klein | On-Site Administrator, Varian Medical Systems

Phone: (309) 370-4370 • Email: Nate.klein13@gmail.com

Patrick's Role / Title: Field Service Engineer

Working Relationship: Coworker, I would order needed parts and maintain inventory (Coworker, I would order needed parts and maintain inventory.)

Scope & Nature of Work: He would ensure the job is completed

Core Strengths: Knowledgeable and patient

Follow-Through & Execution: Yes

Team Dynamics & Collaboration: Works well with others

Character Assessment: Hard working and dependable

"Hard-working, dependable, knowledgeable, and patient. He ensures the job is thoroughly completed and works very well with others."

Cesare Smetters | Operations Colleague, Monarch Defender

Phone: (847) 814-4004 • Email: cesaresmetters@gmail.com

Patrick's Role / Title: Service Manager

Working Relationship: He would assign jobs (I would help him troubleshoot everything)

Scope & Nature of Work: He was the manager/parts manager/creating a system to keep everything organized

Core Strengths: Either organization, or the ability to just figure stuff out

Follow-Through & Execution: One of my favorite parts of working with him is he did what he would say.

Team Dynamics & Collaboration: Everybody I worked with from his boss to my coworkers loved him

Character Assessment: Very high character. Honest, light hearted, cares.

Evaluator Insight: Sometimes could get distracted

"Very high character—honest, light-hearted, and cares. One of my favorite parts of working with him is he does what he says he will do. Everybody I worked with from his boss to my coworkers loved him."

Ricardo D Sandoval | Finance & Insurance, Louis Lakis Ford / Dodge

Phone: (309) 224-2560 • Email: sbrdad126@gmail.com

Patrick's Role / Title: IT Systems Manager

Working Relationship: Coworker (Worked in Finance and Insurance as my troubleshooter on my system.)

Scope & Nature of Work: Computer system repair and maintenance

Core Strengths: His dependability and work ethic

Follow-Through & Execution: Yes and would make sure it thoroughly repaired.

Team Dynamics & Collaboration: Always got along with whoever he worked with

Character Assessment: Very hardworking and dependable. Early to work and would stay til his tasks were completed

"Very hardworking and dependable. Early to work and would stay until his tasks were completed, making sure systems were thoroughly repaired."

■ PRODUCT ENGINEERING & ADVANCED TECHNOLOGY VENTURES

Brandon Macklin | Production Builder, MCR

Phone: (563) 723-1869 • Email: macklinbrandon@outlook.com

Patrick's Role / Title: Builder

Working Relationship: Directly. Production line work

Scope & Nature of Work: Remanufacturing commercial beverage machines.

Core Strengths: Has the ability to think on his feet and find solutions to complicated issues. Gets along with everyone and works well under pressure.

Follow-Through & Execution: Yes

Team Dynamics & Collaboration: Works well with others and shows respect to those around him.

Character Assessment: Easy going, hard working.

Evaluator Insight: This depends on your viewpoint - PJ loses interest in a job if he is not being challenged or stimulated. He is at his best when challenged, individually or in a team setting.

"Has the ability to think on his feet and find solutions to complicated issues. Gets along with everyone and works well under pressure. He is at his best when challenged, individually or in a team setting."

Zach Shaw | Co-Founder / Tech Peer, GridPass

Phone: (309) 368-6705 • Email: Shawzt90@gmail.com

Patrick's Role / Title: Indycar engineer/ owner Losey Co/ owner gridpass

Working Relationship: Brainstormer (We bounced ideas off each other and I tested out his simulator builds and setups)

Scope & Nature of Work: Engineer

Core Strengths: PJ is so intelligent and can provide solutions to just about anything in real time

Follow-Through & Execution: Absolutely

Team Dynamics & Collaboration: PJ gets along well with those he works with. He brings a positive attitude, a willingness to help and a sense of humor

Character Assessment: PJ is the smartest person I know but he also shows up for his people. He has stayed up all night to help me with food truck events, always generous, a genuinely good guy who cares about the people around him

Evaluator Insight: Caring too much

"PJ is the smartest person I know but he also shows up for his people. Always generous, genuinely cares about the people around him, and can provide solutions to just about anything in real time."
